

AUSTIN HINDERER

FRONT END DEVELOPER

Employment

Group Health Cooperative (2012) Seattle, WA

Contractor // HTML Email Producer

I provide ongoing consulting with preparation and/or repair of email marketing materials, including internal newsletters, affiliate outreach, and customer outreach.

CrowdCompass Inc. (2011) Kirkland, WA

Online Marketing Manager

Developed and implemented marketing programs using websites; email; online advertising and promotions; and search-engine marketing (SEM/SEO). Conceived strategies and tactics to raise rates of customer acquisition, retention, and cross/up-selling. While at CrowdCompass, I designed, implemented, and launched new company wide branding including designing and developing the website and trade show booth.

Intelius, Inc. (2011) Bellevue, WA

Contractor // Web Developer

Onsite contract web developer position to assist a large team supporting several business-to-business and home user eCommerce websites. I have gained experience with both the git version control system and the Mantis bug tracking system.

CBS Radio Network (2010) Seattle, WA

Contractor // Web Designer

Filled a temporary position in a hybrid role that worked with both the content creation team and the sales department. I created 4 web sites, 2 newsletter designs, and over 50 advertisements to be used on the websites for all four radio stations. I also worked extensively with a Wordpress VIP distribution of Wordpress.

Visual Studios (2008-2010) Fairhaven, WA

Web Developer

General purpose web guru including CSS/HTML for several different websites and platforms. Through Visual Studios, I have worked on several projects for local business and personal ventures.

Zephyr Studios (2009-2011) Shoreline, WA

Principle

I currently operate my own freelance design and consulting business. Through Zephyr Studios, I have completed several projects for local businesses.

References

References on any of the above projects are available upon request.
